Embroidery Transferring Instructions

- Wash and dry your 2 Tea Towels in the machine before embroidery and Tote construction.
 - Iron your towels with a steam iron.
 - Place the design pattern on a light box or in a bright window, tape down.
- Tape the tea towel over the pattern – *see special placement on the towel in instructions.*
 - Trace the Pattern onto your towel with a Red Pigma permanent marker.

Alternate PRINTED method I used to transfer my design:

- Print the Design Illustration Pattern with your copier on *Sticky Fabri-Solvy*.
- Pull the printed film off the paper backing and **finger press** onto your towel or muslin.
- Embroider through the *Sticky Fabri-Solvy* film and towel – it works wonderfully!
